CLINIQUE ESTIQUE

PRICE LIST 2026

FACIAL TREATMENTS

We believe that every person's skincare needs are different and we strive to give every client individualised advice and guidance when it comes to products and treatments. Whatever your needs may be, all of our facial treatments include an analysis of the skin and a recommendation on continuing care.
Our skincare specialists use only Lamelle products and always strive to provide top-quality service with every treatment.

MICRO- NEEDLING

Micro-needling is a cosmetic procedure that encourages collagen production in the skin by taking advantage of the body's natural healing response. Micro-needling treatments can reduce the appearance of scars, hyperpigmentation, stretch marks, fine lines, and wrinkles. It can also reduce enlarged pores, smooth uneven skin tone, and even promote hair growth in certain areas.

IPL - TREATMENTS

Intense Pulse Light (IPL) therapy is a effective way of treating pigmentation issues in the skin by using light energy to target darker pigment. IPL is a great choice if you are considering to treat pigmentation,visible spider veins or hair removal. IPL also has minimal down time since it only uses light energy to target pigment inturn not damaging other tissue.
